

# SAFETY DATA SHEET

# 1. Identification Product identifier

# CIRCLESAFE<sup>®</sup> 820A

Other means of identificationNot available.Recommended useNon-destructive testing.Recommended restrictionsNone known.Manufacturer / Importer / Supplier / Distributor information

Company name Address	Circle Systems, Inc. 1210 Osborne Road
	Saint Marys, GA 31558
Telephone	912-729-2735
E-mail	customerservice@circlesafe.com

### Australian Distributor Information:

Russell Fraser Sales Pty Ltd 7/38 Waratah Street Kirrawee, NSW 2232 02 9545 4433 rfs@rfsales.com.au rfsales.com.au

Emergency Only Contact Australia: 000

# 2. Hazard(s) identification

	11	
Physical hazards	Gases under pressure	Compressed gas
Health hazards	Reproductive toxicity	Category 1B
OSHA defined hazards	Not classified.	
Label elements		
Signal word	Danger	
Hazard statement	Contains gas under pressure; m	ay explode if heated. May damage fertility or the unborn child.
Precautionary statement		
Prevention	1	e use. Do not handle until all safety precautions have been read gloves/protective clothing/eye protection/face protection.
Response	•	edical advice/attention. If in eyes: Rinse cautiously with water for t lenses, if present and easy to do. Continue rinsing. If eye dvice/attention.
Storage	Store locked up. Protect from su	nlight. Store in a well-ventilated place.
Disposal	Dispose of contents/container in	accordance with local/regional/national/international regulations.
Hazard(s) not otherwise classified (HNOC)	Not classified.	

# 3. Composition/information on ingredients

Chemical name	CAS number	%
Boric Acid	10043-35-3	<5
Carbon Dioxide	124-38-9	<5
Iron Oxide	1317-61-9	<5

# 4. First-aid measures Inhalation Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a physician if symptoms develop or persist. Skin contact Wash off with soap and water. Get medical attention if irritation develops and persists.

Eye contact	Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.
Ingestion	Rinse mouth. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. Get medical attention if symptoms occur.
Most important symptoms/effects, acute and delayed	High concentrations: Inhalation of propellant may cause respiratory irritation, dizziness, nausea, or drowsiness.
Indication of immediate medical attention and special treatment needed	Treat symptomatically. Symptoms may be delayed.
General information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. If exposed or concerned: Get medical advice/attention.

# 5. Fire-fighting measures

<u> </u>	
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	Pressurized container may explode when exposed to heat or flame. During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire-fighting equipment/instructions	Containers should be cooled with water to prevent vapor pressure build up.

# 6. Accidental release measures

Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. Keep upwind. Keep out of low areas. Wear appropriate personal protective equipment. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. The product is immiscible with water and will spread on the water surface. Stop leak if you can do so without risk. Move the cylinder to a safe and open area if the leak is irreparable. Use water spray to reduce vapors or divert vapor cloud drift. Cover with plastic sheet to prevent spreading. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.
	thoroughly to remove residual contamination. For waste disposal, see section 13 of the SDS.
Environmental precautions	Prevent further leakage or spillage if safe to do so.
7. Handling and storage	
Precautions for safe handling	Pressurized container: Do not pierce or burn, even after use. Do not use if spray button is missing or defective. Do not spray on a naked flame or any other incandescent material. Do not
	smoke while using. Do not cut, weld, solder, drill, grind, or expose containers to heat, flame, sparks, or other sources of ignition. Ground and bond containers when transferring material. Avoid inhalation of aerosols. Use only in well-ventilated areas. Do not re-use empty containers.
Conditions for safe storage, including any incompatibilities	sparks, or other sources of ignition. Ground and bond containers when transferring material.

. Exposure controls/pe	rsonal protection		
Occupational exposure limits	or Air Contaminants (29 CFR 1910.10	00)	
Components	Type	Value	
Carbon dioxide (CAS	PEL	5000 ppm	
124-38-9)			
US ACGIH Threshold Limit	/alues		
Components	Туре	Value	Form
Boric acid (CAS 10043-35-3)	STEL	6 mg/m3	Inhalable fraction.
10043-33-3)	TWA	2 mg/m3	Inhalable fraction.
Carbon dioxide (CAS	STEL	30000 ppm	
124-38-9)	774/4	5000	
	TWA	5000 ppm	
US NIOSH: Pocket Guide to			
Components	Type STEL	Value	
Carbon dioxide (CAS 124-38-9)	SIEL	54000 mg/m3 30000 ppm	
	TWA	9000 mg/m3 5000 ppm	
Biological limit values	No biological exposure limits noted f		
controls	should be matched to conditions. If a or other engineering controls to main exposure limits have not been estab es, such as personal protective equi	ntain airborne levels below recor lished, maintain airborne levels	nmended exposure limits.
Eye/face protection	Wear safety glasses with side shield		
Skin protection			
Hand protection	Wear protective gloves.		
Other	Wear suitable protective clothing.		
Respiratory protection	If permissible levels are exceeded us air-supplied respirator.	se NIOSH mechanical filter / org	anic vapor cartridge or an
Thermal hazards	Wear appropriate thermal protective	clothing, when necessary.	
General hygiene considerations	When using, do not smoke. Always a after handling the material and befor clothing and protective equipment to	e eating, drinking, and/or smoki	
9. Physical and chemical p	properties		
Appearance			
Physical state	Liquid.		
Form	Aerosol.		
Color	Black.		
Odor	Detergent like.		
Odor threshold	Not available.		
pH	8-10		
Melting point/freezing point	Not available.

10. Stability and reactivity	
Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.

Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Stable under normal temperature conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Heat, flames and sparks. Contact with incompatible materials.
Incompatible materials	Strong oxidizing agents.
Hazardous decomposition products	No hazardous decomposition products are known.

# 11. Toxicological information

The Texicological Informat		
Information on likely routes of	exposure	
Ingestion	Expected to be a low ingestion hazar	d.
Inhalation	May cause irritation to the respiratory	v system.
Skin contact	May cause skin irritation.	
Eye contact	May cause eye irritation.	
Symptoms related to the physical, chemical and toxicological characteristics	High concentrations: Inhalation of pro or drowsiness.	opellant may cause respiratory irritation, dizziness, nausea,
Information on toxicological ef	ffects	
Acute toxicity	Expected to be a low hazard for usu	al industrial or commercial handling by trained personnel.
Components	Species	Test Results
Boric acid (CAS 10043-35-3)		
Acute		
Dermal		
LD50	Rabbit	> 2000 mg/kg
Oral		
LD50	Rat	2660 mg/kg
Butendioic acid, sulfo-1,4-bis(2-e	ethylhexyl) ester sodium salt (CAS 577-1	1-7)
Acute Oral		
LD50	Mouse	2.64 g/kg

Skin corrosion/irritation	Prolonged skin contact may cause temporary irritation.
Serious eye damage/eye irritation	Direct contact with eyes may cause temporary irritation.
Respiratory sensitization	Not a respiratory sensitizer.
Skin sensitization	This product is not expected to cause skin sensitization.
Germ cell mutagenicity	No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.
Carcinogenicity	This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
Reproductive toxicity	May damage fertility or the unborn child.
Specific target organ toxicity – single exposure	No data available.
Specific target organ toxicity – repeated exposure	No data available.
Aspiration hazard	No data available.
Chronic effects	Prolonged inhalation may be harmful.
12. Ecological information	
Ecotoxicity	Not expected to be harmful to aquatic organisms.
Persistence and degradability	No data is available on the degradability of this product.
Bioaccumulative potential	No data available for this product.
Mobility in soil	Not available.
Other adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.
13. Disposal considerations	
Disposal instructions	Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
14. Transport information	
DOT	
UN number	UN1950
